AN ACT ...; relating to: the budget.

EDUCATION

PRIMARY AND SECONDARY EDUCATION

Under current law, a pupil living in the city of Milwaukee or an eligible school district (currently, only the Racine Unified School District) may, under a parental choice program, attend a private school at state expense if, among other conditions, the pupil is a member of a family that has a total family income that does not exceed 300 percent of the poverty level.

This bill expands the parental choice program for eligible school districts by making eligible a school district having at least 4,000 pupils and in which two or more schools in the district have been placed in a performance category of "fails to meet expectations" or "meets few expectations," or the equivalent lowest performance categories (qualifying categories), on an accountability report published by DPI. If, after a school district has been identified as an eligible school district, at least 20 pupils who reside in the school district apply to attend private schools under the parental choice program, the eligible school district becomes a qualifying eligible school district. The bill provides that only after an eligible school district becomes a qualifying eligible school district may pupils who reside in that school district attend a private school under the parental choice program. The bill does not, however, require a pupil who applies to attend a participating private school to be enrolled in a school that was placed in a qualifying category.

If, at the time at which any subsequent accountability report is published for schools in the district, no school or only one school in the district was placed in a qualifying category and the school district did not become a qualifying eligible school district, the school district ceases to be an eligible school district. However, a school district that has ceased to be an eligible school district may become an eligible school district in a subsequent school year.

Within ten days after publishing accountability reports, DPI must publish a list of eligible school districts on its Internet site, and must provide a written notice to the clerk of each eligible school district. A private school must notify DPI by August 1 immediately following the issuance of the accountability reports of its intent to participate in the choice program in a newly eligible school district in that school year. In the 2013–14 school year, participation in the expanded choice program is limited to no more than 500 pupils residing in eligible school districts. In the 2014–15 school year, participation is capped at no more than 1,000 pupils.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

EDUCATION

PRIMARY AND SECONDARY EDUCATION

Under current law, a pupil living in the city of Milwaukee or an eligible school district (currently, only the Racine Unified School District) may, under a parental choice program, attend a private school at state expense if, among other conditions, the pupil is a member of a family that has a total family income that does not exceed 300 percent of the poverty level.

This bill expands the parental choice program for eligible school districts by making eligible a school district having at least 4,000 pupils and in which two or more schools in the district have been placed in a performance category of "fails to meet expectations" or "meets few expectations," or the equivalent lowest performance categories (qualifying categories), on an accountability report published by DPI. If, after a school district has been identified as an eligible school district, at least 20 pupils who reside in the school district apply to attend private schools under the parental choice program, the eligible school district becomes a qualifying eligible school district. The bill provides that only after an eligible school district becomes a qualifying eligible school district may pupils who reside in that school district attend a private school under the parental choice program. The bill does not, however, require a pupil who applies to attend a participating private school to be enrolled in a school that was placed in a qualifying category.

If, at the time at which any subsequent accountability report is published for schools in the district, no school or only one school in the district was placed in a qualifying category and the school district did not become a qualifying eligible school district, the school district ceases to be an eligible school district. However, a school district that has ceased to be an eligible school district may become an eligible school district in a subsequent school year.

Within ten days after publishing accountability reports, DPI must publish a list of eligible school districts on its Internet site, and must provide a written notice to the clerk of each eligible school district. A private school must notify DPI by August 1 immediately following the issuance of the accountability reports of its intent to participate in the choice program in a newly eligible school district in that school year. In the 2013–14 school year, participation in the expanded choice program is limited to no more than 500 pupils residing in eligible school districts. In the 2014–15 school year, participation is capped at no more than 1,000 pupils.

For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.
